Interim City Administrator McGuire requested the City Council set a Hearing for 7:01 p.m. on November 7, 2016 for Oslo Meadows Special Assessments for the 2005 Street & Other Improvements against properties purchased by Robin A. Council Member Nelsen stated her amendment was not intended to delay the process, only that we review the report from Bolton and Menk and get recommendations from staff. She feels we need to do this first before meeting with the other entities. The amendment is to respect our staff and since we paid for this report, we should look at it and trust our staff to make recommendations and then take the next step to meet with the other entities.

Council Member Mueske offered an amendment to the amendment that a report back to the Council be made within two meetings to eliminate any further delays, and the maker and seconder of proposed amendment to the motion agreed. Following discussion, a vote was held on the amendment to the motion and it carried.

Attorney Scott clarified the original motion as amended is to direct the Public Works/Public Safety Committee to consider whether the Council should work with City Staff, City Engineer, and representatives of the County and townships, to coordinate efforts to start informal discussions on how to resolve the storm water issues and future planning of our storm water system throughout Kandiyohi County, in particular the City of Willmar, together with the information staff has previously been directed to present to that committee, and that the committee report back to the Council within two meeting. Following clarification, the amended motion carried.

Council Member Mueske offered a motion to adjourn the meeting with Council Member Plowman seconding the motion, which carried. The meeting adjourned at 8:23 p.m.
