The church proposed closing 12<sup>th</sup> Street SW between Monongalia and Kandiyohi Avenues and Kandiyohi Avenue SW between 11<sup>th</sup> and 13<sup>th</sup> Streets from 6:00 a.m. to 6:00 p.m., and utilize Miller Park with an estimated 1,000 – 1,400 in attendance. recommendation of the Public Works/Safety Committee with Council Member Dokken seconding the motion, which carried.

Item No. 2 Mary Wilkowske, Celebrate Art/Celebrate Coffee Festival Chair, appeared before the Committee to discuss their request for the City's support for the 11<sup>th</sup> Annual Celebrate Art/Celebrate Coffee Festival in the downtown on September 20, 2008. The request includes the temporary closure of 5<sup>th</sup> Street from Trott to Litchfield Avenues and Becker Avenue from 4<sup>th</sup> to 6<sup>th</sup> Streets starting Friday at 5:00 p.m. which would allow placement of tents. In addition, the parking lot next to and behind the Masonic Temple building would be closed the entire day on Saturday.

The layout of the festival will remain essentially the same as last year with a 20-foot fire lane access available at all times. The Committee was recommending the Council approve the temporary street and parking lot closure for the Fall Festival as presented. Council Member Christianson moved to approve the recommendation of the Public Works/Safety Committee with Council Member Fagerlie seconding the motion, which carried.

Item No. 3 Staff informed the Committee of a verbal request just prior to the meeting to present a request for a neighborhood street closure on August 5, 2008. The Committee was recommending the Council approve the temporary street and parking lot closure for the National Night Out as presented. Council Member Christianson moved to approve the recommendation of the Public Works/Safety Committee with Council Member Dokken seconding the motion, which carried.

Item No. 4 Staff reviewed with the Committee the existing tree planting/maintenance policy adopted by the City in 1992 and its relation to tree removal on private property. The City starting removing DED (Dutch Elm diseased) trees in 1972 and in the last five years 2,526 trees were removed with 1,977 of them having DED. The main reasons for the discussion are the recent liability claims the City has received for damage to private property, as well as cost to remove the trees. Currently there are 146 trees to mark that are known to have DED with 73 of them being private. Also included in the discussion were policies of five Minnesota cities, none of which remove private trees free of charge.

It was recommended the current policy be revised with an end date for removal of any private trees diseased or dead on private property. The Committee discussed the inclusion of a liability waiver to be signed by the property owner of the tree, and if any neighboring property could be affected, have the property owner obtain their signatures on waivers as well.

The Committee was recommending the Council direct Staff to prepare a revised Tree Maintenance Policy to be brought back to the Committee for consideration. Council Member Christianson moved to approve the recommendation of the Public Works/Safety Committee with Council Member DeBlicke seconding the motion, which carried.

Item No. 5 Craig Holmes of Donohue and Associates presented to the Committee Change Order No. 2 in the amount of \$47,408.50 to the 2006 WWTP Interceptor Project No. 0609. This change order adjusts the originally estimated quantities to reflect the actual quantities installed under contract and allows for \$75,000.00 compensation to the contractor, S.J. Louis Construction for soil correction measures. There is money within the project budget to cover the increase.

The Committee was recommending the Council accept Change Order No. 2 and authorize the City Administrator to sign on behalf of the City.
